

meridianlinkone™

Accelerate Life's Most Important Financial Moments

Powered by breakthrough debt optimization, MeridianLink One™ redefines what you should expect from your origination experience.

Smarter Qualification

Faster Processing

Better Experiences

All-in-one digital lending and deposit account opening platform that spans consumer and mortgage engagement powered by the industry's smartest debt optimization engine.

How Debt Optimization Works

Help your members access their best consumer and mortgage loan options in seconds

all-in-one solution instantly

reviews the member's
outstanding loans

scans the available debt
optimization options

recommends the most
competitive rates available

MeridianLink One™ Benefits Include:

- Purchase products separately, or connect them to improve the overall buyer and loan officer experience
- Empower your loan officers with the ease of viewing the member's loans and applications
- Boost your cross-sell opportunities by accessing all consumer and mortgage options available
- Deepen your relationship with members by offering better rates and payment terms
- Increase the speed to process a loan by accessing the largest network of third-party integrations
- Easily access data across products using SSO between MeridianLink Consumer and MeridianLink Mortgage

“ Our system administration for MeridianLink has really been streamlined, and is much more efficient for us to be able to administer the consumer and the mortgage systems versus all of the different systems that we were using before. ”

— A+ Federal Credit Union

Purpose-Built, Consumer Lending Software Suite

A Complete End-to-End Origination Platform
